

Appl. No. 10/049,950  
Amdt. Dated November 24, 2003  
Reply to Office Action of May 22, 2003

**ABSTRACT**

An electrical connector containing one or more connector modules, each having at least one contact support and a multiplicity of contact elements connected to the contact support in a non-releasable manner. The electrical connector allows for high-quality electrical connections to be reliably established.
